

JESUS RECEIVES HIS CROSS

Hazel Knowles writes...

The trial is over and Pilate hands Jesus over to the soldiers to be crucified .
The gospels tell us Jesus prayed the night before 'Father take this cup from me''

Jesus knew he had been sent to redeem the world.

After the trial at which he did not defend himself and the taunting by the soldiers, the purple robe, the crown of thorns, the jeering.

What were his emotions was he afraid . He took the cross and the weight was too much ,he fell and must have been relieved when Simon Of Cyrene was given the cross to carry but the taunting continued even to the place of crucifixion

Jesus went through the crucifixion for us, So that our sins may be forgiven whoever we are and that we have a loving caring Father by our side always
How do we show compassion .How can we open our hearts and with warmth sincerity and courage and allow `Jesus to change our lives.
